

NRA Basic Metallic Cartridge Reloading Class

Description:

The NRA Basic Metallic Cartridge Reloading course exposes students with little or no prior experience in reloading to the basics of reloading centerfire metallic cartridges. Students will receive the *NRA Guide to Reloading*, as well as a handbook containing additional course and reference material.

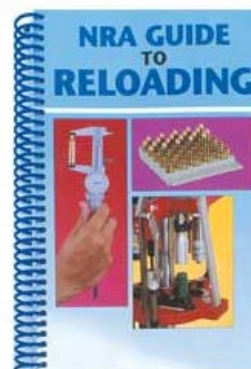

Course Goal:

To provide beginning reloaders with the basic knowledge, skills, and attitude necessary to safely reload metallic cartridges. During the class, students will use a variety of standard reloading equipment to produce functioning ammunition.

Topic Include:

- Introduction to Reloading and Reloading Safety
- Centerfire Cartridge Components
- Using Reloading Manuals and Reloading Data
- Metallic Cartridge Reloading Equipment Overview
- The Metallic Cartridge Reloading Process
- Hands-On Cartridge Reloading
- Course Review and Examination

Attendees will receive a copy of the *NRA Guide To Reloading* (a \$17.95 value)

Prerequisites:

There are no prerequisites for taking this course. Attendees should bring a pen, lunch, snacks, and safety glasses. Everything else (equipment, components, tools, etc) is supplied by the instructor.

The NRA Guide is a valuable reference that covers the entire reloading process.

Course Completion:

Students will receive real-time feedback on the practical exercises conducted during the course. There is a short written test on the lesson material at the end of the course. Each student will receive a certificate of completion from the NRA.

About the Instructor:

Jim Finnerty is an NRA-certified Metallic Cartridge Reloading and Basic Pistol Instructor. He currently teaches the reloading classes for the Gun Owners' Action League (GOAL) in Northboro, MA.
